Knapp Medical Center is a not-for-profit, acute care hospital located in Weslaco, Texas. With 227 private rooms, Knapp Medical Center provides residents of the Mid Valley area with high quality healthcare services.

## Bringing Cutting Edge Technology to the Rio Grande Valley

Knapp Medical Center strives to enhance patient care by bringing new services to our patients, accomplishing ambitious technology initiatives, and always investing back into improving our facilities. A few examples include:

- **Pharmacy Automation & Medication Management System** to reinforce medication safety practices and streamline pharmacy operations
- An in-house **PCR system** that integrates sample preparation, amplification, detection and analysis for fast and comprehensive diagnostic laboratory testing
- An **EKG Management System** that allows physicians to view and assess EKGs remotely eliminating the need for on-site evaluation
- **Specialists on Call telemedicine technology** to ensure patients receive immediate access to a board certified, fellowship-trained neurologist in the event of a neurological emergency
- **Cardiac Catheterization Lab** to provide procedures for cardiovascular disease and/or symptoms
- **All digital imaging equipment** including a high-tech 64 Slice CT Scanner

## Providing Compassionate and Competent Care

Knapp Medical Center has **more than 250 physicians** on the medical staff, all independent professional practitioners representing **30 different specialties**. Knapp employs a skilled and caring staff of approximately 900 and has over 250 volunteers, including Junior Volunteers who donate their time during the summer.

## Expanding to Meet the Healthcare Needs of the Community

Knapp Medical Center has steadily expanded to include more services and facilities. In addition to an acute care hospital, Knapp Medical Center offers **over 400 services** at its adjoining Outpatient Center. The Outpatient Center at Knapp features state-of-the-art equipment and expert hospital staff.
